Re: Warning Letter and Request for Information, May 14, 2013

Mr. Kowalski,

I represent R. Terrance and Vicki Larson regarding their property at Kindred Island, Pacific County, Washington. I am in receipt of your warning letter and request for information stamp-dated May 14, 2013. While my clients disagree with the EPA's characterization of the nature and use of the property, and the alleged discharge of pollutants, as well as the tenor of your letter, they are making every effort to comply with your demands in a timely fashion. They have made no application of shells to the property since the revocation of their permit. Given the limited resources of the Larsons, and the expansive nature of the request for information, I request a 30 day extension of time to complete the request for information.

Sincerely,

C. Craig Holley  
Attorney for R. Terrance  
and Vicki Larson
